Business Development Portal for Canadian Entrepreneurs Provides Canadian business development focus

(Toronto) BizToolz.ca is a newly launched web portal that is geared to help Canadian Entrepreneurs succeed by providing access to business-proven products and services.

It's the place where Canadian businesses can find out about:

- ✓ Automating processes - technology tools
- ✓ Finding Money - Sources of private and public funds
- ✓ Growing your Business - Marketing, Sales, Networking, Marketing Toolz, Strategies
- ✓ What am I doing wrong? - General consulting practices
- ✓ Saving your Money - money saving programs

“Canadian entrepreneurs are swamped with good business ideas from the US that probably don't relate to our unique situation,” says Jim Adams, BizToolz.ca founder. “Our objective is to link entrepreneurs with proven business development products and services. We want them to succeed.”

BizToolz.ca ensures that all products and services offered have been proven effective by Canadian entrepreneurs before posting them to the site.

BizToolz.ca is operated by The Venture Catalysts, a business development consulting firm that also publishes the Micro Cap News.
